Daring North Korean Jet Pilot Delivers MIG15 Jet Fighter To U.S., Allies

By SAM SUMMERLIN
and FRED WATERS

SEOUL (AP)—A daring North Korean pilot today handed the allies a sleek MIG15 jet fighter—the deadly Red warplane for which the United States offered \$100,000 last February.

The MIG's guns were still armed when it raced unheralded from North Korea and made a perfect landing at sprawling Kimp'o Air Base near Seoul.

It was the first MIG to fall into Allied hands in Korea. The Russian-built, swept-wing fighters never left their own air over Red territory during the war.

The MIG's guns were still armed when it raced unheralded from North Korea and made a perfect landing at sprawling Kimp'o Air Base near Seoul.

The U.N. Command said the \$100,000 reward offered for the first MIG to bolt to the Allies is still in effect.

There was no quick reaction from the Communists.

At first the Allies refused to identify the flyer, but later in Tokyo, Gen. O. P. Weyland, Far East Air Forces commander, said he was a North Korean.

Weyland announced:

MORE DETAILS OF STATE'S AIR TEST ARE GIVEN

All outdoor activity, with the exception of bona fide emergency calls for doctors, ambulances, etc., will cease in Adams County from 7:02 to 7:10 p.m. Tuesday, October 6, when the county joins the state in a Civil Defense Air Raid test.

William G. Weaver, Civil Defense director for the county, today gave further details of the program and asked the cooperation of Adams Countyans.

Signals Are Defined

Each community will adopt its own means of warning the public that the "red" alert has been received. Weaver said. Either a three-minute sounding of sirens, or a series of short blasts on horns or whistles, or a combination of sirens, horns and whistles may be used to signal the "red alert." The all-clear or "white" signal will be given at 7:10 p.m. by a one-minute steady blast on sirens, horns or whistles, followed by two minutes of silence.

Then a second one-minute steady blast of sirens, followed by another two minutes of silence and a third one-minute blast, ending at 7:17 p.m.

All movement of traffic, pedestrians and other outdoor activities is to cease at 7:02 p.m. and will resume at 7:10 p.m.

CALL FIREMEN WHEN 33 CARS ARE DERAILED

Thirty-three cars of a Reading Company freight train were derailed at Grantham, near Dillsburg, about midnight Sunday, igniting an oil-filled tank car and threatening nearby buildings.

Firemen of Grantham and Dillsburg battled flames for six hours with the fighting equipment from the Mechanicsburg Naval Depot, being called in to help get under control the blazing cargoes of some of the cars. Reports from the fire said that several of the blazing cars were rolled into Yellow Breeches Creek which parallels a section of the tracks above Rose Garden.

Railroad officials said the mishap was due to a broken brake rod which fell under the wheel of one of the cars.

Both of the Reading's tracks on the line about 10 miles southwest of Harrisburg and just east of Grantham were ripped up by the derailment.

No injuries were reported but several firemen were overcome by fumes from calcium carbide with which some of the freight cars were loaded.

COEDS ATTACKED ON DARK STREET; MAN IS JAILED

Chester Woodward, 32, S. Washington St., was jailed Saturday night by borough police on a charge of indecent assault and battery after he attacked two of three coeds on Springs Ave., near the Meade School, at 10:45 o'clock.

Police said the three young women, between the ages of 18 and 19, were returning to Aughlin Hall on Springs Ave. from a movie.

They said they did not realize they were being followed until the three reached a dark spot on Springs Ave., and he came up to them and placed an arm around one of the girls. She fled and he grabbed another girl, tossed her shirt above her head and threw her to the pavement. The screaming of the three girls brought the attention of neighbors and the man fled.

Man Follows Attackers
Stanton Musser, Springs Ave., followed the man up a car and when police called by at least seven residents of the area arrived within a few minutes, he directed them to Racehorse Alley, which Woodward had just entered.

Police took Woodward to Aughlin Hall where he was identified by the young women. He was then removed to the county jail and the charge brought against him before Justice of the Peace Robert P. Snyder. The time for a hearing has not been set.

The young woman hurled to the sidewalk was hysterical as a result of the incident and was removed to the college infirmary for the weekend.

REDS URGE U. N. TO PLACE BAN ON DREADED BOMBS

UNITED NATIONS, N. Y. (AP)—Russia called upon the U. N. today to impose an unconditional ban on the production of atomic and hydrogen weapons without delay.

The Soviet proposal was laid before the 60-nation General Assembly during a major policy declaration by Deputy Foreign Minister Andrei V. Vishinsky.

Wants Seat At Confab
The Soviet delegate also served notice that Russia was ready to make a vigorous fight to get the Assembly to revise its earlier decision barring nuclear countries as representatives at the Korean peace conference. The Communist demands on this, he said, are justified and must be met.

The Soviet proposals on atomic control included hydrogen weapons by name, but otherwise followed closely Soviet disarmament resolutions of previous sessions.

Vishinsky assailed the United States as the real cause of world tension, charged Western policy in Germany threatened to touch off a new war and declared the North Atlantic Treaty Organization was aimed at weakening the U. N.

The Soviet disarmament resolution—first Soviet move on this subject since

Daring North Korean Jet Pilot Delivers MIG15 Jet Fighter To U.S., Allies

By SAM SUMMERLIN
and FRED WATERS

SEOUL (AP)—A daring North Korean pilot today handed the allies a sleek MIG15 jet fighter—the deadly Red warplane for which the United States offered \$100,000 last February.

The MIG's guns were still armed when it raced unheralded from North Korea and made a perfect landing at sprawling Kimpoo Air Base near Seoul.

It was the first MIG to fall into Allied hands in Korea. The Russian-built, swept-wing fighters never left their own air over Red territory during the war.

\$100,000 Offer Stands
The U. N. Command said the \$100,000 reward offered for the first MIG to bolt to the Allies is still in effect.

There was no quick reaction from the Communists.

At first the Allies refused to identify the flier, but later in Tokyo, Gen. O. P. Weyland, Far East Air Forces commander, said he was a North Korean.

Weyland announced:

MORE DETAILS OF STATE'S AIR TEST ARE GIVEN

All outdoor activity, with the exception of bona fide emergency calls for doctors, ambulances, etc., will cease in Adams County from 7:02 to 7:10 p.m. Tuesday, October 6, when the county joins the state in a Civil Defense Air Raid test.

William G. Weaver, Civil Defense director for the county, today gave further details of the program and asked the cooperation of Adams Countians.

The "red signal" will begin at 7:02 p.m. October 6 with sirens, bells or horns giving public announcement of the test in the various communities of the county.

Signals Are Defined

Each community will adopt its own means of warning the public that the "red" alert has been received, Weaver said. Either a three-minute sounding of sirens, or a series of short blasts on horns or whistles, or a combination of sirens, horns and whistles may be used to signal the "red alert." The all-clear or "white" signal will be given at 7:10 p.m. by a one-minute steady blast on sirens, horns or whistles, followed by two minutes of silence. Then a second one-minute steady blast of alarms, followed by another two minutes of silence and a third one-minute blast, ending at 7:17 p.m.

All movement of traffic, pedestrians and other outdoor activities is to cease at 7:02 p.m. and will resume at 7:10 p.m.

The only exceptions will be doctors or ambulances called in an emergency. The air warning service observers at the spotter stations at York Springs and Gettysburg will continue their duties.

All industries having whistles or other audible alarms are asked to (Continued on Page 4)

CALL FIREMEN WHEN 33 CARS ARE DERAILED

Thirty-three cars of a Reading Company freight train were derailed at Grantham, near Dillsburg, about midnight Sunday, igniting an oil-filled tank car and threatening nearby buildings.

Firemen of Grantham and Dillsburg battled flames for six hours with fire-fighting equipment from the Mechanicsburg Naval Depot being called in to help get under control the blazing cargoes of some of the cars. Reports from the fire said that several of the blazing cars were rolled into Yellow Breeches Creek which parallels a section of the tracks above Rose Garden.

Railroad officials said the mishap was due to a broken brake rod which fell under the wheel of one of the cars.

Both of the Reading's tracks on the line about 10 miles southwest of Harrisburg and just east of Grantham were ripped up by the derailment.

No injuries were reported but several firemen were overcome by fumes from calcium carbide with which some of the freight cars were loaded.

Reds Claim Missing Allies

PANMUNJOM (AP)—The Communists said today most of the 3,404 Allied troops for whom the U. N. Command demanded an accounting "have never been captured at all." At the same time, the Communists demanded an accounting for 98,742 North Koreans and Chinese they said were captured by the Allies and are missing.

The Reds' gave their long-awaited answer to the Sept. 9 Allied demand that the Communists produce the men or disclose what happened to them at a meeting of the Joint Military Armistice Commission.

The missing troops—more than 900 Americans, 2,400 South Koreans and nearly 50 from the British Commonwealth and other Allied nations—were once believed captured but neither released in the prisoner exchange nor reported dead.

The Reds called the Allied list "crudely manufactured without having been carefully checked," but reserved the right "to make further concrete comment."

The Reds said 519 of the 3,404 Allies listed as missing already have been returned. They said 386 others were "released at the front" during the war, had escaped, or are dead.

They said part of the remainder refused repatriation but "most of the (total) have never been captured at all."

The Reds are expected to deliver to the demilitarized zone Thursday more than 300 South Korean and about 20 non-Korean prisoners not otherwise identified who they say refused repatriation. The following day, U. N. Command interview teams are expected to start trying to persuade them to return home, in accordance with the armistice terms.

About 23,000 North Korean and Chinese POWs have refused repatriation.

RED CHINESE OUST OFFICIALS IN "SHAKEUP"

HONG KONG (P) — Red China ousted its finance minister and the secretary-general of the Central Government's Administration Council in a weekend shakedown which observers here feel was ordered because the nation is lagging in the first year of its five-year plan.

The official Red New China news agency reported that Radio Peking made the announcements during the 28th meeting of the Central People's Government Council.

In the reshuffle affecting 13 government bureaus, Li Wei-han, secretary-general of the administrative council, was replaced by Hsi Chung-shun, a vice chairman of the Cultural and Education Committee.

Other shifts were made in the ministries of post offices, foods, light industry, forests, labor, culture, banks and state planning council.

No reason was given for the changes. However, the Reds have admitted that individual departments of industry have failed to meet their goals.

LAST FREEDOM SHIP DUE SOON

SAN FRANCISCO (P) — The Gen. R. L. Howze, ninth and last of the freedom ships returning liberated American POWs to their homeland, docks at Ft. Mason Wednesday, concluding the greatest emotional binge the San Francisco waterfront has seen in years.

It started when the transport Gen. Nelson M. Walker sailed through the Golden Gate with 328 repatriates Aug. 23. It continued with the hospital ship Haven, the Gen. W. F. Hase, the Marine Adder, the Gen. John Pope, the Marine Phoenix, the Gen. William Black and yesterday—the Gen. A. W. Brewster.

Delirious, unrestrained joy has been the keynote. Soldiers once given up for dead have stood at the rail, yelling, laughing and crying at the sight of their loved ones on the dock. Mothers have fainted and fathers have sobbed openly. Altogether 301 former POWs filed off the gangplank yesterday: 239 from the Army, 43 from the Air Force, 14 Marines and 4 from the Navy. There were privates and noncoms, lieutenants, captains and majors.

RED CHINESE OUST OFFICIALS IN "SHAKEUP"

HONG KONG (AP)—Red China ousted its finance minister and the secretary-general of the Central Government's Administration Council in a weekend shakeup which observers here feel was ordered because the nation is lagging in the first year of its five-year plan.

The official Red China news agency reported that Radio Peking made the announcements during the 28th meeting of the Central People's Government Council.

In the reshuffle affecting 13 government bureaus, Li Wei-han, secretary general of the administrative council, was replaced by Hsi Chung-hsun, a vice chairman of the Cultural and Education Committee.

No Reasons Given

Po Yi-po, minister of finance, was replaced by Teng Hsiao-ping, a vice premier of the Government Council. Po had been minister three years. Chen Ko-tun, vice minister of finance, also was replaced.

Other shifts were made in the ministries of post offices, foods, light industry, forests, labor, culture, banks and state planning council.

No reason was given for the changes. However, the Reds have admitted that individual departments of industry have failed to meet their goals.

LAST FREEDOM SHIP DUE SOON

SAN FRANCISCO (AP)—The Gen. R. L. Howe, ninth and last of the freedom ships returning liberated American POWs to their homeland, docks at Ft. Mason Wednesday, concluding the greatest emotional binge the San Francisco waterfront has seen in years.

It started when the transport Gen. Nelson M. Walker sailed through the Golden Gate with 328 repatriates Aug. 23. It continued with the hospital ship Haven, the Gen. W. F. Hase, the Marine Adder, the Gen. John Pope, the Marine Phoenix, the Gen. William Black and yesterday—the Gen. A. W. Brewster.

Delirious, unrestrained joy has been the keynote. Soldiers once given up for dead have stood at the rail, yelling, laughing and crying at the sight of their loved ones on the dock. Mothers have fainted, and fathers have sobbed openly. Altogether 301 former POWs filed off the gangplank yesterday: 239 from the Army, 48 from the Air Force, 14 Marines and 4 from the Navy. There were privates and noncoms, lieutenants, captains and majors.

President Eisenhower Has Two Important Government Jobs Open For Good Men

By JAMES MARLOW

WASHINGTON (AP)—President Eisenhower is shopping around for two men to fill a couple of important jobs and, if he had to run an ad for them, this might be about it:

Wanted: One man, very thick-skinned, to be secretary of labor, salary \$22,500; another, expert on injured feelings, as Chief Justice of the United States, salary \$25,500. No clock-watchers need apply.

The new secretary of labor will have a busy year ahead of him, with long hours of work and no assurance that all his efforts won't end in smoke. He's almost sure to be a target for criticism.

Long hours go with the job of chief justice. After his day on the bench, in his office, in conference with the other justices, he has to take his work home with him.

Had Added Virtue
The late Justice Vinson was an extraordinarily well-rounded man, with experience in Congress, in the executive branch and as judge in the U.S. Court of Appeals before he took over the Supreme Court's top job.

But he had an added virtue which was badly needed when former President Truman picked him: He was good at soothing injured feelings. At the time Vinson took over, there were differences among some of the other eight justices—personal as well as jur-

dical differences. It was a tribute to his ability as a doctor of personality that no more internal explosions were heard after he moved into the court.

The new man will have that old problem to consider since Vinson probably didn't remove the ailment—just reduced the inflammation.

Once Was Mild Job
In other years the job of secretary of labor was a kind of mild occupation, particularly during the war years when Frances Perkins held it.

In that period President Franklin D. Roosevelt set up the War Labor Board, under William H. Davis. It controlled wages and labor disputes, and thus Mrs. Perkins was left on the sidelines.

In the last years of the Truman administration, then Secretary of Labor Maurice Tobin was overshadowed by John R. Steelman whom Truman brought into the White House as his labor adviser. Tobin made speeches. Steelman pulled the strings.

Unless Eisenhower also gets a string-pulling labor adviser, the new secretary will have his hands full from the start.

Has Many Agencies
He'll have to work with Congress, unions, management and the White House in trying to change the Taft-Hartley Labor Relations

Act. On that subject he can't please everyone.

It is almost certain the new secretary won't come from organized labor, as did his predecessor, Martin P. Durkin, president of the AFL Plumbers' Union. That would make him suspect by organized labor from the start.

Eisenhower said during the presidential campaign and in his February State of the Union message to Congress, that there was need for T-H Law changes.

But anyone who knew Washington and politics and the intense feeling over T-H—in Congress, unions and business—would have been surprised if any changes had been made this year.

T-H was passed in 1947 while the Republicans controlled Congress. In 1948 Truman won election on a platform promising to blast T-H. For the next four years the Democrats were in charge of Congress. But they didn't, or couldn't, blast T-H.

In view of what hasn't been done to change T-H through four years of Democratic administration and one of Republican, it should come as no surprise if no changes are made in 1954, either.

KANSAS CITY (AP)—Former President Harry S. Truman says that eventually there will be complete understanding among all free nations "and the United Nations will be the means to create peace in the world for future generations."

"People have always been attracted by an ideal," he told an NBC television audience yesterday. "We must make the ideal of democracy increasingly brighter and more real."

Mud College Alumni Gather Sunday And Elect Officers

The school bell rang at 1 p.m. on Sunday at Pleasant Grove school house, better known as Mud College, about three and a half miles from Littlestown on the Gettysburg road, for the first annual reunion, which was attended by about two hundred twenty-five former teachers, pupils and guests. Mud College with the school yard adjoining has been purchased by ten brothers of the late Charles A. Crouse, all of whom attended classes there, and is to be preserved by them for posterity. The brothers are Walter F., near town, who served as chairman on arrangements for the first get-together; R. L., of town; Maynard and Herbert of Hanover; Clarence, Paul and John, Columbia; George, Taneytown; Lawrence and Woodrow, Gettysburg R. D.

Walter Crouse introduced Ira Y. Baker, former teacher at Mud College and at present assistant superintendent of schools in York County, who served as master of ceremonies. The session began with group singing of the national anthem. Mrs. Naomi C. Schwartz, near town, accompanied on the school organ with Mrs. J. Ray Rein-dollars as song leader. Charles C. Little, a former teacher, near Two Taverns, offered the invocation and the group joined in the Lord's prayer. Pat Patterson's orchestra, Hanover, which includes several former pupils of the school, entertained at intervals during the program.

Mr. Baker spoke to the assembly on "Our Democracy in America." He also commended the Crouse brothers for their generosity in purchasing and preserving the "little red school house" and in offering the use of the school as a public meeting place for educational groups in Mt. Joy township, where it is located. Remarks were also heard from Dr. Willis Hartman, Harrisburg, a pupil in 1877, who concluded with a poetic tribute of seven, four-line stanzas which he composed especially for the occasion.

9 Former Teachers There
Former teachers who spoke briefly were Mervin Wintrose, Ephrata; Mrs. Clem Hartman, Cashtown; Ray Epley, New Oxford; Amos Snyder, Dauphin; Mrs. Margaret Lohr, Gettysburg; R. D. Mrs. Roy Renner, of town, and Mrs. Naomi C. Schwartz, near town. Samuel C. Newman, Lubbock, Texas, a former pupil, also spoke briefly, as well as Edward L. Weikert, Jr., Washington, D. C., a former teacher in the township. The school bell signalled recess.

and a period of fellowship was enjoyed in and out of doors, with refreshments available to those who wanted them. When the session resumed, election of officers was held with the following results: President, Ira Y. Baker; vice president, Walter F. Crouse; secretary, Naomi C. Schwartz, and treasurer, Paul R. Snyder. Amos Snyder, Dauphin, agreed to accept the chairmanship of the historian committee and requested that all former teachers at the school, serve on his committee, so that a history may be compiled prior to the next reunion.

Awards were presented to Samuel Newman, for coming the greatest distance; Mrs. Clem Hartman, the oldest person present; and Robert Sentz, Littlestown R. D., the youngest present. "Blest Be the Tie" and "America" concluded the gathering after which pictures were taken of the nine former teachers present.

THE Camera COLUMN

By Dave Garfinkle

Visual impact, the first of the qualities a picture must have if it's going to attract attention, isn't enough by itself. A good picture does more than shout, "Here I am. Look at ME!" After it attracts the eye, it must be able to hold it by telling a picture story.

The average amateur snapshot passes along very little information.

It tells us what the subject looks like, perhaps, and what he was wearing . . . but nothing more. The only persons this picture will interest are those who can supply information from past experience with the subject.

In order to pack information into your snapshots, give forethought to the posing and to selecting the background. A portrait shot of Mother tells us less than a shot which is set up to give us information about her. Pose her in her favorite armchair and give her some socks to darn. Let the children be playing some game on the floor at her feet. If she has a cat who likes to curl in her lap, so much the better. And be sure to show enough of the room in the background to give clues to the kind of home Mother has created.

This snapshot will explain itself. Try this technique yourself for "building" information into your pictures. Use flash equipment for indoor shots, or try a time exposure. You'll need a sturdy tripod for clear, steady pictures. Stop in and see those in our stock, priced from only \$7.95. THE GREATEST

BUICK

IN 50

GREAT

YEARS

We'll get right to the point.

The comments we've been getting from many new Buick owners about the new Twin-Turbine Dynaflo are terrific.

And the reason is—this fully automatic transmission is, in itself, terrific.

It has a new, firm, solid "take-hold"—gives you instant getaway response.

It has new quiet—you can barely hear the acceleration build-up.

It has unique and utter simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all.

But the sweetest thing of all about TT Dynaflo is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery.

You feel a constant "carry" of forward motion, unbroken in any way—because here no gearshifting takes place, either manually or automatically.

Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down.

Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness?

We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflo—and let the thrills come where they may. Drop in soon, won't you?

Today's Talk

By GEORGE MATTHEW ADAMS

FRONTIERS

In the settlement of any country
you read a great deal about frontier
men and women who braved hard-
ships and privation in order to reach
space never before discovered. Little
by little the frontiers of the United
States were reached and developed.
Only a very few land frontiers re-
main undiscovered by man on this
earth.

Years ago, when the Florida
"boom" was on, I listened to an
eloquent speaker (paid for the job)
talk to the crowds that came from
all over America to make money
out of land speculation, or to es-
tablish a home, in this unique state.
I shall never forget his cry that
Florida was "the last frontier!"

In the physical world, in time, all
its frontiers can be reached. Adven-
turers are always to be found who
will strive for what no other has
attempted. But in the mental and
spiritual world there are no
frontiers! There is no limit to
knowledge. Research is continuous.
Scientific discoveries keep blooming
although not always to the good of
mankind, for example, the "A" bomb
and the Hydrogen bomb. May their
evil errand never be run!

There is a natural urge that lives
in all healthy human beings to go
forward, to do something useful
and permanent. Frontiers have al-
ways stirred the imagination, as well
as ambition. In what was once
known as "darkest Africa," and the
great expanse of Canada, most of
the frontiers have been reached and
put to use.

What has made civilization is that
it has never been compelled to
pay attention to frontiers. There
are none in the realm of higher
thinking, or better living. There is
always something beyond, some-
thing yet to be discovered that will
make this a better world in which
to live, and equally so for the
humblest in God's great realm.

Never must any of us lose this
urge to press on, to go forward,
to do better and to keep realizing
the dreams that we have so much
cherished. This can be achieved by
going from one frontier to another,
with the mind and heart as way-
stations!

Tomorrow Mr. Adams will talk on
the subject: "Time Our For Enjoy-
ment"

Friday night, claimed he was
simply outplayed.

Stanford's Chuck Taylor felt the
same way after College of the Pa-
cific surprised the Indians, 25-20.

Baylor's For It

Don Faurot of Missouri believed
his Tigers were as well off with
one platoon as they would have
been with two against Maryland's
powerful Terrapins.

And Coach Bill Glassford of Ne-
braska insisted it was mistakes
and not the substitution rule which
hurt the Cornhuskers against Ore-
gon. The Ducks capitalized on some
Nebraska miscues to defeat the
Midwesterners, 20-12 in the NCAA
television game.

Baylor's George Sauer was one
of the most outspoken proponents
of the new rule after his team gave
a polished, mid-season perform-
ance in blanking California, 25-0,
in a game which had been rated
about even.

Players Tired

Abe Martin of Texas Christian
indicated he liked the substitution
rule the first day he heard about it
"and I still like it."

TCU played the breaks and a
strong punting game to defeat Kan-
sas, 13-0.

All the players agreed, they were
tired after near 60 minutes on the
gridiron. Some coaches were quick
to stress the strain of full-time
play on their men.

No Press, Going To Fit In

Rice's Jesse Neely remarked after
his veteran team downed a late-
surging Florida squad, 20-16, in a
major encounter:

"Our line played fine ball until
the boys got tired. I was glad to
hear that final gun."

After Georgia outscored Villano-
va, 32-19, before 97,802 in Phila-
delphia, opposing Coaches Art Rai-
mo and Wally Butts didn't praise
the one-platoon game but said they
thought they'd fit into it.

In a contest pitting a national
power and a less potent squad the
reaction was that the game was no
fair test of the substitution rule.
That was the feeling of Georgia
Tech's Bobby Dodd and Davidson's
Bill Dole after Tech ran over
Davidson, 53-0.

sissippi ran over Chattanooga, 39-6;

phis State, 34-6; Marquette stopped

Colorado surprised Washington, 21-
20; Louisiana State stormed past
mighty Texas, 20-7; and William
and Mary, using just 19 men,
edged Wake Forest, 16-14.

In other major games it was
Southern California 29-13 over

PLAN TO DRAIN COAL FIELDS

By LEONARD A. UNGER

HARRISBURG (AP)—Mines Secre-
tary W. J. Clements disclosed to-
day plans are underway to allo-
cate about \$200,000 for installation
of mine drainage pumps in the
lower anthracite field.

Preliminary proposals, he said,
would locate two pumps between
Kulpmont and Mount Carmel and
another between Shenandoah and
Mahanoy City.

"Thousands of jobs should be
saved once these pumps go into
operation. Rapidly rising water
levels in that area threaten exist-
ing operations that are of economic
necessity to the anthracite region."

Preliminary plans for the Kulpmont-Mount Carmel and Shenandoah-Mahanoy City operations were submitted to Cleveland by officials of the Philadelphia and Reading Coal and Iron Co. and the Susquehanna Collieries Co. in co-operation with United Mine Workers officials.

They call for the state to purchase two 6,000-gallon-per-minute pumps to be placed in the Scott shaft between Kulpmont and Mount Carmel and a 5,000-gallon-per-minute pump for the Springdale shaft near Park Place, between Mahanoy City and Shenandoah.

Former Egyptian Premier Is Arrested

his wife and 12 other onetime
Egyptian bigwigs today. All 14 face
trial before a special court created

No specific charges were an-

The roundup came as the three-
man special tribunal prepared to
begin trials of alleged plotters. The
court hearings were scheduled to

Braves Set New National League Attendance Mark; Virgil Trucks Gets 20th

By JOE REICHLER
AP Sports Writer

Attention, American League club owners!

When you convene next Sunday to discuss the Browns' proposed transfer, it might be well to adopt the following slogan:

"Remember the Braves!"

It is doubtful if this amazing story—the Braves shift from Boston to Milwaukee and the tremendous loyalty of the baseball-happy Milwaukee fans—will ever be forgotten.

In its first major league baseball season in half a century, Milwaukee established a new National League attendance record when 1,263,397 cash customers came out to root their beloved Braves into second place. There is no doubt that the almost daily capacity crowds had much to do with the Braves' surprising showing. Even their most ardent admirers didn't dare hope for anything higher than fourth.

Topped Old Mark

Although yesterday's games had to be played on the final standings, capacity crowd of 36,011—one person for every seat in County Stadium—watched the Braves split a doubleheader with Cincinnati. Rookie Joey Jay, making his first major league start, shut out the Redlegs 3-0 in an abbreviated seven-inning nightcap after Cincinnati had won the opener 5-3.

The doubleheader, which concluded the club's home games for the year, enabled the Braves to shatter the old league attendance mark of 1,807,536 set by the pennant-winning Dodgers of 1947. The only second place club ever to draw more than the current Braves were the 1950 Detroit Tigers, who drew 1,951,474. Briggs stadium seats 32,954 to 36,011 for Milwaukee.

It might be well for the American League club owners to remember that practically this same Braves team drew 281,278 in Boston last year, an attendance just about duplicated by the '53 Browns in St. Louis.

20 For Trucks

With the pennant races decided days ago, attention was focused on individual performance yesterday. Virgil Trucks became the fourth American League pitcher to win 20 games this year when he started the White Sox to a 5-2 victory as Chicago swept a doubleheader from the St. Louis Browns. 32-year-old right-handed pitcher, his second successive three-hit shutout 4-0 in the opener.

Gus Zernial, walloped homers Nos. 40 and 41 to help Philadelphia win two games from Washington 3-9 and 4-3. Zernial wrested the American League lead from Cleveland's Al Rosen. Joe de Maestri singled in the winning run in the 11th inning of the nightcap.

Billy Martin's three-run homer highlighted a five-run sixth inning that gave Eddie Ford his 18th victory and the New York Yankees a 10-8 slugfest victory over the Boston Red Sox. Ford was shelled from the mound when the Red Sox got five runs in their half of the sixth but fine relief hurling by Johnny Sain preserved his lead.

Musical Moves Up

Mike Garcia also won his 18th game pitching Cleveland to a 6-3 triumph over Detroit after the Tigers had taken the opener 8-6.

Stan Musial, battling against long odds to retain his batting championship, cracked out a single, triple and his 28th home run in four times at bat to lead the St. Louis Cardinals to an 11-6 victory over the Chicago Cubs. Musial is now hitting .330, 14 points below National League leader Carl Furillo of Brooklyn.

Dodgers, Phils Split

The pennant winning Dodgers divided a twin bill with Philadelphia, winning the opener 5-4 and losing the second 2-1.

Cal Abrams hit a grand slam home run that gave Pittsburgh an 8-4 triumph over the New York Giants.

Eddie Mathews committed two errors that gave Cincinnati four unearned runs in the Redlegs' 5-2 first game victory over Milwaukee.

Batting—Gus Zernial, Athletics—batted two homers, his 40th and 41st, and batted in four runs to lead the Athletics to a 13-9 first game victory over the Washington Senators. The A's also won the second game, 4-3 in 11 innings.

Pitching—Joey Jay, Braves—the 8-year-old bonus baby pitched a three-hit shutout in his first major league start, defeating the Cincinnati Redlegs 3-0 in a seven inning game cut by darkness. The Redlegs won the opener 5-3.

PIEDMONT LOOP WILL TRY AGAIN DESPITE LOSSES

RICHMOND, Va. (U)—The Class B Piedmont League, for which the past two seasons have been financial nightmares, apparently is all set to try again in 1954 with the same seven members that completed the 1953 campaign, plus one club still to be located.

But the league directors will have to conduct their search for an eighth team without the help of Frank L. Summers, who has been president of the loop for the past three years. Pleading the press of his private insurance business, Summers announced yesterday at the directors' meeting here that he will resign, effective next month.

The Piedmont started out 1953 with eight teams after admitting Hagerstown, Md., and York, Pa., from the defunct Interstate League. In mid-season, after heavy losses traceable to falling attendance, Roanoke's Red Sox quit and the league finished out the season with seven clubs.

Face Big Puzzle

Now the task of finding another club to replace Roanoke provides the circuit with its No. 1 puzzle. Colonial Heights-Petersburg, Va., which tried to get into the league as a replacement for Roanoke when the Red Sox folded, wasn't mentioned at yesterday's confab. Summers said he hadn't heard from Colonial Heights-Petersburg interests since they failed to obtain a franchise after the Boston Red Sox denied them backing.

Mentioned as possibilities for franchises in 1954 were Harrisburg and Lancaster, Pa., and Frederick, Md.

Hagerstown director T. C. Rainey was given permission to move his franchise to another city if he so desires next year and can make the necessary arrangements. Rainey has said he doesn't think Hagerstown has been supporting his team, which has a tie-up with the Milwaukee Braves, the way it deserves.

Only one director expressed any doubt yesterday about 1954. That was Frank Lawrence, the Portsmouth operator who has been doubtful with great regularity for the past two or three seasons but with just as much regularity has ended up back in the fold. Lawrence has been in baseball nearly a half-century.

All of the seven teams were represented at yesterday's meeting here. They included Richmond, Lynchburg, Norfolk, Newport News, Portsmouth, York, Pa., and Hagerstown, Md.

Mythical "Middle Six" Grid Conference Opens Saturday With Bullets At Delaware

NEWARK, Del.—Next Saturday is get-away day not only for most of the college gridiron powers of the country, but for the brand new mythical "Middle Six Conference" proposed by interested eastern sports writers.

The new league, which would embrace the teams representing Bucknell, Delaware, Gettysburg, Lafayette, Lehigh and Muhlenberg, will have its initial contest at Delaware Stadium in Newark where the host Blue Hens of the University of Delaware entertain the Gettysburg Bullets. Last season, these teams battled evenly in a game that might have gone either way, with Gettysburg the eventual victor by a single point, 14-13. The overall series between the teams is locked at 4-4 and with two veteran players lining up for the kickoff, the outcome appears to be anybody's guess.

The same might be said for the competition among any of the six schools in a league which appears to be a natural so far as strength and depth is concerned.

Bisons Cry Blues

Bucknell, minus "Touchdown Twins" Brad Myers and Burt Tallmage and 13 other lettermen, has already been sending out distress signals and pleas for mercy. It's all a sham. The Bisons have a powerful line averaging well over 200 pounds per man and featuring such standouts as Ron Lloyd, Jim Egoeff and Bob Antkowiak. In the backfield are veterans "Moo" Finkelshtien, George Klauder, Bobby Dee and Ken Adamiec who will be supported by sophomores Bob Sier, Dick McCarty, Bob Ford and Bill Hallister.

The team is considered equal defensively to last year's, which racked fourth in pass defense and fifth in total defense in the East. Little difficulty is expected in the return to one-plateon football, since the small size of recent squads made it necessary for the players to learn both offensive and defensive duties. Bucknell needs little sympathy.

Hens To Be Better

Delaware, too, appears ready for a better season than the 4-4 split of last season. The Blue Hens, who finished the 52 season with three consecutive victories, sports a veteran team of 20 lettermen and several promising sophomores, including Jimmy Zaiser, the Salem flash, one of the best looking backs to tread the Newark campus in recent years. Such seasoned stalwarts as Captain Johnny Borresen, Steve Butcher, Bob Trivitt, and Tom Redfield will be in the line, while top quarterback Don Miller can call upon such backfield aces as Jimmy Flynn, Tony Candeloro, Rocky Carzo, Andy Wagner and converted end Dan Ford.

Gettysburg needs a replacement for quarterback Berkly Ward and seems to have him in Frank Gagliardi, a sophomore who guided the undefeated freshman eleven in '52. Defensively, the Bullets may have backfield troubles since running

USGA NOW MUST SELECT MEN'S CUP PLAY TEAM

OKLAHOMA CITY (U)—The United States Golf Association now has the annual task of picking a "cup" team for men's international play. And, from the results of the 1953 National Amateur Championship, some players who defended the Walker Cup against Britain early this month may be in for a surprise when the team is chosen to play Mexico and Canada for the American Cup next summer.

There's no question, of course, about the new champion, Gene Littler. He's in any time the Navy will let him out to play golf.

This rather shy Navy airman from San Diego, Calif., probably is the best amateur golfer today.

Owes Navy 15 Months

He plays the same kind of steady, thoughtful golf as Ben Hogan.

The hitch in Littler's case is that he still has 15 months to serve in his Navy enlistment.

Dale Morey, whose biggest ambition now is to make the Walker Cup team, hardly can be overlooked for next year's lesser cup competition. He matched Littler, hole for hole, before losing on the tense 36th.

Others Uncertain

After these two, there's no telling how the other successful players in the 53rd championship will stack up a year from now. The others Don Albert of Purdue and Bruce Clark of Portland University, Ted Richards Jr., the national public links champion; Bobby Kuntz, Larchmont, N. Y.; Angelo Santilli, East Greenwich, R. I. and Ray Palmer, Detroit.

Except Littler, the 1953 Walker Cuppers who went the farthest were ex-champion Sam Urzetta, Jim Jackson, Bill Campbell, and the No. 1 alternate, Arnold Blum.

Virgil Trucks of the Chicago White Sox has pitched six no-hitters since he has been in organized ball. Two of them occurred in the majors, both in 1952.

Bullets Outclass Hopkins In Drill

The Gettysburg College football team outclassed Johns Hopkins University in the Bullets' final interschool workout here Saturday afternoon in preparation for its opening game with the University of Delaware at Newark, Del., next Saturday.

Coach Johnny Vorisich's Bullets "scored" a bevy of touchdowns during the drill while holding the Blue Jays scoreless. Once again there were no kickoffs or tries for extra points. Play was started after each score by putting the ball on the 30-yard line.

A large gallery of students and local fans watched the drill.

The new electric timing clock was used for the first time and drew many favorable comments.

George Kennell, with three singles and a double, led the Greenmount attack. Miller and Bream each added three safeties. Single secured a pair of hits for Taneytown.

Lehigh Looms Strong

Lehigh lost 17 lettermen, but retained 15 including her captain and top pass catcher, Tommy Gunn. In the line, such rugged competitors as Harvey Semloff, Barney Wiley, and Bruno Pagani will uphold the Engineers' vaunted reputation for defense and the backfield, featuring Julian Clark, Joe Kryla, George O'Brien, and Marty Maurer, could be the best in recent seasons.

Up at Allentown, Muhlenberg Coach Tom Triplett welcomed 20 returning lettermen, including last year's complete backfield composed of quarterback Jimmy Skidmore, halfbacks Joe Trechak and Larry Dotter, and fullback Ernie Scarpa, team captain. Although Triplett has complained of weakness in the line, veterans Pete Asclone, Tony Sadtler, George Segelbacher, and

Braves Set New National League Attendance Mark; Virgil Trucks Gets 20th

By JOE REICHLER
AP Sports Writer
Attention, American League club owners!

When you convene next Sunday to discuss the Braves' proposed transfer, it might be well to adopt the following slogan:

"Remember the Braves!"

It is doubtful if this amazing story—the Braves shift from Boston to Milwaukee and the tremendous loyalty of the baseball-happy Milwaukee fans—will ever be forgotten.

In its first major league baseball season in half a century, Milwaukee established a new National League attendance record when 1,326,397 cash customers came out to root their beloved Braves into second place. There is no doubt that the almost daily capacity crowds had much to do with the Braves' surprising showing. Even their most ardent admirers didn't dare hope for anything higher than fourth.

Topped Old Mark

Although yesterday's games had to be played on the final standings, a capacity crowd of 36,011—one person for every seat in County Stadium—watched the Braves split a doubleheader with Cincinnati. Rookie Joey Jay, making his first major league start, shut out the Redlegs 3-0 in an abbreviated seven-inning nightcap after Cincinnati had won the opener 5-3.

The doubleheader, which concluded the club's home games for the year, enabled the Braves to shatter the old league attendance mark of 1,807,526 set by the pennant-winning Dodgers of 1947. The only second place club ever to draw more than the current Braves were the 1950 Detroit Tigers, who drew 1,951,474. Briggs stadium seats 32,954 to 36,011 for Milwaukee.

It might be well for the American League club owners to remember that practically this same Braves team drew 281,278 in Boston last year, an attendance just about duplicated by the '53 Browns in St. Louis.

20 For Trucks

With the pennant races decided days ago, attention was focused on individual performance yesterday. Virgil Trucks became the fourth American League pitcher to win 20 games this year when he pitched the White Sox to a 5-2 victory as Chicago swept a doubleheader from the St. Louis Browns. 36-Keegan, 32-year-old right-hander, pitched his second successive three-hit shutout 4-0 in the opener.

Gus Zernial walloped homers Nos. 40 and 41 to help Philadelphia win two games from Washington 3-9 and 4-3. Zernial wrested the American League lead from Cleveland's Al Rosen. Joe de Maestri singled in the winning run in the 11th inning of the nightcap.

Billy Martin's three-run homer highlighted a five-run sixth inning that gave Eddie Ford his 18th victory and the New York Yankees a 10-8 slugfest victory over the Boston Red Sox. Ford was shelled from the mound when the Red Sox got five runs in their half of the sixth but fine relief hurling by Johnny Sain preserved his lead.

Musical Moves Up

Mike Garcia also won his 18th game pitching Cleveland to a 6-3 triumph over Detroit after the Tigers had taken the opener 5-4.

Stan Musial, battling against long odds to retain his batting championship, cracked out a single, triple and his 28th home run in four times at bat to lead the St. Louis Cardinals to an 11-6 victory over the Chicago Cubs. Musial is now hitting .330, 14 points below National League leader Carl Furillo of Brooklyn.

Dodgers, Phils Split

The pennant winning Dodgers divided a twin bill with Philadelphia, winning the opener 5-4 and losing the second 2-1.

Cal Abrams hit a grand slam home run that gave Pittsburgh an 8-4 triumph over the New York Giants.

Eddie Mathews committed two errors that gave Cincinnati four unearned runs in the Redlegs 5-2 first game victory over Milwaukee.

PIEDMONT LOOP WILL TRY AGAIN DESPITE LOSSES

RICHMOND, Va. (AP)—The Class B Piedmont League, for which the past two seasons have been financial nightmares, apparently is all set to try again in 1954 with the same seven members that completed the 1953 campaign, plus one club still to be located.

But the league directors will have to conduct their search for an eighth team without the help of Frank L. Summers, who has been president of the loop for the past three years. Pleading the press of his private insurance business, Summers announced yesterday at the directors' meeting here that he will resign, effective next month.

The Piedmont started out 1953 with eight teams after admitting Hagerstown, Md., and York, Pa., from the defunct Interstate League. In mid-season, after heavy losses traceable to falling attendance, Roanoke's Red Sox quit and the league finished out the season with seven clubs.

Face Big Puzzle

Now the task of finding another club to replace Roanoke provides the circuit with its No. 1 puzzle, Colonial Heights-Petersburg, Va., which tried to get into the league as a replacement for Roanoke when the Red Sox folded, wasn't mentioned at yesterday's confab. Summers said he hadn't heard from Colonial Heights-Petersburg interests since they failed to obtain a franchise after the Boston Red Sox denied them backing.

Mentioned as possibilities for franchises in 1954 were Harrisburg and Lancaster, Pa., and Frederick, Md.

Hagerstown director T. C. Rainey was given permission to move his franchise to another city if he so desires next year and can make the necessary arrangements. Rainey has said he doesn't think Hagerstown has been supporting his team, which has a tie-up with the Milwaukee Braves, the way it deserves.

Only one director expressed any doubt yesterday about 1954. That was Frank Lawrence, the Portsmouth operator who has been doubtful with great regularity for the past two or three seasons but with just as much regularity has ended up back in the fold. Lawrence has been in baseball nearly a half-century.

All of the seven teams were represented at yesterday's meeting here. They included Richmond, Lynchburg, Norfolk, Newport News, Portsmouth, York, Pa., and Hagerstown, Md.

Mythical "Middle Six" Grid Conference Opens Saturday With Bullets At Delaware

NEWARK, Del. (AP)—Next Saturday is get-away day not only for most of the college gridiron powers of the country, but for the brand new mythical "Middle Six Conference" proposed by interested eastern sports writers.

The new league, which would embrace the teams representing Bucknell, Delaware, Gettysburg, Lafayette, Lehigh and Muhlenberg, will have its initial contest at Delaware Stadium in Newark where the host Blue Hens of the University of Delaware entertain the Gettysburg Bullets. Last season, these teams battled evenly in a game that might have gone either way, with Gettysburg the eventual victor by a single point, 14-13. The overall series between the teams is locked at 4-4 and with two veteran players lining up for the kickoff, the outcome appears to be anybody's guess.

The same might be said for the competition among any of the six schools in a league which appears to be a natural so far as strength and depth is concerned.

Bisons Cry Blues

Bucknell, minus "Touchdown Twins" Brad Myers and Burt Talmage and 13 other lettermen, has already been sending out distress signals and pleas for mercy. It's all a sham. The Bisons have a powerful line averaging well over 200 pounds per man and featuring such standouts as Ron Lloyd, Jim Egloff and Bob Ankowiak. In the backfield are veterans Moo Finkelstein, George Klauder, Bobby Dee and Ken Adams who will be supported by sophomores Bob Sier, Dick McCartney, Bob Ford and Bill Hallister.

The team is considered equal defensively to last year's, which ranked fourth in pass defense and fifth in total defense in the East. Little difficulty is expected in the return to one-plateau football, since the small size of recent squads made it necessary for the players to learn both offensive and defensive duties. Bucknell needs little sympathy.

Hens To Be Better

Delaware, too, appears ready for a better season than the 4-4 split of last season. The Blue Hens, who finished the '52 season with three consecutive victories, sports a veteran team of 20 lettermen and several promising sophomores, including Jimmy Zaiser, the Salem flash, one of the best looking backs to tread the Newark campus in recent years. Such seasoned stalwarts as Captain Johnny Borresen, Steve Butcher, Bob Trivits, and Tom Redfield will be in the line, while top quarterback Don Miller can call upon such backfield aces as Jimmy Flynn, Tony Candeloro, Rocky Carzo, Andy Wagner and converted end Dan Ford.

Gettysburg needs a replacement for quarterback Berkly Ward and seems to have him in Frank Gagliardi, a sophomore who guided the undefeated freshman eleven in '52. Defensively, the Bullets may have backfield troubles since running

USGA NOW MUST SELECT MEN'S CUP PLAY TEAM

OKLAHOMA CITY (AP)—The United States Golf Association now has the annual task of picking a "cup" team for men's international play. And, from the results of the 1953 National Amateur Championship, some players who defended the Walker Cup against Britain early this month may be in for a surprise when the team is chosen to play Mexico and Canada for the American Cup next summer.

There's no question, of course, about the new champion, Gene Littler. He's in any time the Navy will let him out to play golf.

This rather shy Navy aviator from San Diego, Calif., probably is the best amateur golfer today.

Owes Navy 15 Months

He plays the same kind of steady, thoughtful golf as Ben Hogan.

The hitch in Littler's case is that he still has 15 months to serve in his Navy enlistment.

Dale Morey, whose biggest ambition now is to make the Walker Cup team, hardly can be overlooked for next year's lesser cup competition. He matched Littler, hole for hole, before losing on the tense 36th.

Others Uncertain

After these two, there's no telling how the other successful players in the 53rd championship will stack up a year from now. The others are Don Albert of Purdue and Bruce Cudd of Portland University, Ted Richards Jr., the national public links champion; Bobby Kuntz, Larchmont, N. Y.; Angelo Santilli, East Greenwich, R. I. and Ray Palmer, Detroit.

Excent Littler, the 1953 Walker Cuppers who went the farthest were ex-champion Sam Urzetta, Jim Jackson, Bill Campbell, and the No. 1 alternate, Arnold Blum.

Virgil Trucks of the Chicago White Sox has pitched six no-hitters since he has been in organized ball. Two of them occurred in the majors, both in 1952.

Bullets Outclass Hopkins In Drill

The Gettysburg College football team outclassed Johns Hopkins University in the Bullets' final interschool workout here Saturday afternoon in preparation for its opening game with the University of Delaware at Newark, Del., next Saturday.

Coach Johnny Yovicsin's Bullets "scored" a bevy of touchdowns during the drill while holding the Blue Jays scoreless. Once again there were no kickoffs or tries for extra points. Play was started after each score by putting the ball on the 30-yard line.

A large gallery of students and local fans watched the drill.

The new electric timing clock was used for the first time and drew many favorable comments.

BINGHAMTON TRIPLETS WIN EASTERN CUP

READING, Pa. (AP)—The Binghamton Triplets locked the Eastern League Governors' Cup back in their trophy case today for another year.

Winners of the 1952 championship, the New York Yankee farm club yesterday completed their defense of the title by defeating the host Reading Indians, 11-7. The victory gave Binghamton the best-of-seven series, 4-2.

The Triplets carved out their triumph the hard way. Going into Thursday night's game, they trailed their opponents in games, 2-0. The Triplets then won three games in their home park before returning here yesterday.

Reading and Binghamton finished the regular season one-two, in that order.

Third baseman Jim Finigan and catcher Lou Berberet paced the victors at the plate yesterday. Finigan smashed a first-inning, two-run home run and two doubles for a total of four runs batted in. Berberet also had four RBIs, three on a home run in the third.

Had Finished Second

Reading scored once in the first, four times in the third and twice in the ninth. Rightfielder Rocky Calavito homered with a man on in the ninth.

Mike Schultz relieved starting pitcher Wally Burnette in the fourth for Binghamton and held Reading to three hits the rest of the way. He posted the victory over Bill Meyer, first of five Reading moundsmen.

Lath Screen On Seed Bed Grows Perennial Flowers

If seed of perennial flowers were not sown in the spring, they can be started in the summer by taking extra precautions to protect the seedlings from extreme heat and supply plenty of water both before and after germination.

The traditional method of protecting plants from the sun's heat is by using a canopy of lath. This lowers the soil temperature, while admitting plenty of light, and is under the complete control of the gardener. To protect the seeds and seedlings from the wash of heavy rains, and insure quick drainage, it is best to prepare a seed bed enclosed by a frame of boards. Top soil should be filled in to raise the level of the bed several inches above the surrounding surface. A lath screen should be made to fit the frame.

A lath screen allows enough sun to penetrate the seed bed but breaks its full force.

Sow the seeds in rows, labeling each row. Cover seed only with porous soil, peat moss or sand, never with clay soil. Until the seeds sprout the surface should be kept moist.

- Here is a list of the perennials which grow from seed sown in the summer, and which will bloom either in the fall, or the following year. The number of days it takes to germinate these seeds is given:
- | | |
|--------------|---------|
| Archaea | 10 days |

- When the seedling plants have grown large enough to handle, transplant them from the seed bed to a nursery row, where they can have more room, and grow until time to set them in the garden border. Most varieties will be well grown by fall, and can then be placed in their permanent homes. If moved by October 1 they will become established, and the following year will flower as full grown plants.

hardware and department stores for about 10 cents a foot.

In the past, the main objection to flexible versus metal weatherstripping has been that flexible forms are bound to wear out in time. The handyman undoubtedly is prepared for this. Knowing the cost of metal types and the difficulty of proper installation, he is likely to settle for an efficient flexible job for as long as it lasts.

Incidentally, C. F. Schlegel, president of the manufacturing company, says weatherstripping sales are increasing in southern states where air conditioning requires keeping cool air inside and warm air out.

Seek Armed Youth In Stolen Automobile

LANCASTER, Pa. (AP) — Police combed the Lancaster County area today for a driver of a stolen car spotted parked in a cornfield. Police said the driver had a shotgun and rifle in his possession.

A sailor visiting near Millersville told police yesterday he saw the car parked in the cornfield about 300 feet from a highway. He said a youth sleeping in the car carried a 22 caliber rifle and double-barreled shotgun.

The car was gone when police arrived on the scene. However, a gasoline station attendant at near Mount Joy reported the same car sped away without paying for a tank of gas shortly after the first report.

A check on the license number of the car revealed it was stolen from Middletown, Dauphin County, on Sept. 10.

On The House

How to get your house ready for next winter is going to be a problem. So many advertising men are going to be aggressively standing around hawking. This is because new products are being introduced—and reintroduced. The home handyman is certain to put the local hardware dealer or building supply house on the spot by asking what product is the most important.

New heating plans are rated as X per cent efficient. Insulation is supposed to save you X dollars. Weatherstripping, according to the University of Minnesota's Institute of Technology, Engineering Experiment Station, should cut your fuel bills by 24 per cent!

So weatherstripping is something you are going to pay for every month before you get it. You will pay for it in your fuel bills without realizing what you are doing. If you like to pay fuel bills, you can save time for writing your checks by not reading this column.

But if your house already is

weatherstripped, don't be too quick to smirk. When a stiff wind is blowing, hold a match or candle up to the edges or corners of your windows and doors to see how much your house leaks air. A need for renewed weatherstripping is not unusual.

Not A Wise Crack
Interlocking metal weatherstripping—a costly installation—is generally conceded to be the best—when it's put in right. This writer had such a type installed in a new house a few years ago. The job was done by professionals. Yet, the breeze that blows in at lower corners of the front door is enough to put goose flesh on your ankles.

The idea of weatherstripping is to reduce air leakage around windows and doors. It's not a matter of hermetically sealing a house. It's just getting things down to who's boss—you, or the weather. When you want ventilation you can get it, but you don't want to spend the winter with one window half open all the time.

The Weatherstrip Research Institute says that ordinary windows are so loosely fitted that the clearance around the sashes is equal to a hole 4 inches square. The last version we heard of that story was that such leakage equalled a hole 3 inches in diameter. Not knowing how to square the circle, we never were able to check up. But it is obvious that either version means we all get a lot of free air through something that is not a wise crack.

Uses Wool Pile
Now a new kind of flexible, easy-to-apply weatherstripping is being distributed through retail stores. Designed along the lines of the window seals used on modern automobiles, it relies on a wool pile to keep the weather out.

Instead of this wool pile—like a dense brush—being embedded in a metal strip as it is in automobiles and airplanes, it is sealed in a flexible, narrow plastic strip. Ivory colored, this plastic strip is indented for tack holes at regular intervals and tacks of a matching color are supplied.

Made by the Schlegel Manufacturing Co., 277 No. Goodman St., Rochester, N. Y., and Oakville, Ont., Canada, the material, called Adjusto-Seal, is expected to sell at

Lath Screen On Seed Bed Grows Perennial Flowers

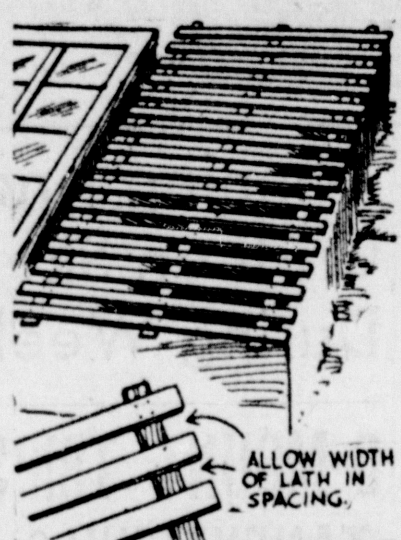

If seed of perennial flowers were not sown in the spring, they can be started in the summer by taking extra precautions to protect the seedlings from extreme heat and supply plenty of water both before and after germination.

The traditional method of protecting plants from the sun's heat is by using a canopy of lath. This lowers the soil temperature, while admitting plenty of light, and is under the complete control of the gardener. To protect the seeds and seedlings from the wash of heavy rains, and insure quick drainage, it is best to prepare a seed bed enclosed by a frame of boards. Top soil should be filled in to raise the level of the bed several inches above the surrounding surface. A lath screen should be made to fit the frame.

Sow the seeds in rows, labeling each row. Cover seed only with porous soil, peat moss or sand, never with clay soil. Until the seeds sprout the surface should be kept moist.

Here is a list of the perennials which grow from seed sown in the summer, and which will bloom either in the fall, or the following year. The number of days it takes to germinate these seeds is given:

Anchusa	10 days
Achillea	10 days
Anthemis	5 days
Boltonia	5 days
Campanulas	5 days
Carnations	5 days
Columbine	5 days
Coreopsis	5 days
Shasta daisies	5 days
Delphiniums	20 days
Dianthus	5 days
Foxglove	10 days
Hibiscus	15 days
Hollyhocks	5 days

A lath screen allows enough sun to penetrate the seed bed but breaks its full force.

Hesperis	10 days
Gaillardias	20 days
Linum	8 days
Lupine	8 days
Lychnis	10 days
Physalis	15 days
Primula	15 days
Salvia	15 days
Pyrethrum	20 days
Stokesia	20 days
Trollius	50 days
Veronica	15 days

When the seedling plants have grown large enough to handle, transplant them from the seed bed to a nursery row, where they can have more room, and grow until time to set them in the garden border. Most varieties will be well grown by fall, and can then be placed in their permanent homes. If moved by October 1 they will become established, and the following year will flower as full grown plants.

hardware and department stores for about 10 cents a foot.

In the past, the main objection to flexible versus metal weatherstripping has been that flexible forms are bound to wear out in time. The handyman undoubtedly is prepared for this. Knowing the cost of metal types and the difficulty of proper installation, he is likely to settle for an efficient flexible job for as long as it lasts.

Incidentally, C. F. Schlegel, president of the manufacturing company, says weatherstripping sales are increasing in southern states where air conditioning requires keeping cool air inside and warm air out.

It's just one of 41 "Worth More" features that make Ford worth more when you buy it... worth more when you sell it!

Imagine! A car so low in first cost keeps its value better than any other car on the American Road. Used-car figures on last year's cars prove that. And with its 41 "Worth More" features, this newer, finer '53 Ford holds still greater promise of long-lived value. You'll find built-to-last... built-to-stay-in-style Crestmark Bodies. You'll find a new kind of ride that practically "repaves" the roughest roads. You'll find advances like Center-Fill Fueling... suspended clutch and brake pedals. And these are but samples of the reasons why Ford is worth more when you buy... worth more when you sell.

Pilot "Very Happy"

Col. Don P. Hall of Kingsville, Tex., commander of the 4th Fighter-Interceptor Wing, said the pilot was "smiling and very happy it was over with."

Asked why the pilot brought the MIG, Hall quoted him:

"I'm happy to leave communism."

"It is believed he knew of the reward," Hall said.

Hall said the Red pilot is about 25 years old and an officer.

Police Force Takes

Off For Wedding

SALISBURY, Mass. (AP) — Crime took a holiday yesterday while Police Capt. Benjamin Sturges and Miss Wanda Woron of Newburyport were married.

The entire police force took off despite heavy Sunday traffic in the ocean front town.

State police, filling in for the absent force, reported no crime—not even an automobile accident.

Sergeant's Wife

Prescribes For PW

SAN FRANCISCO (AP) — It may be the sergeant's wife lacks confidence.

When Sgt. 1. C. Henderson L. Woolever of Exeter, Calif., departed from the transport Gen A. W. Brewster yesterday his wife looked hard at the repatriated prisoner of war and declared:

"He looks a little peaked to me. . . . He needs some of his mother's cooking."

Car Smacks Pole

Presenting Problem

KANSAS CITY (AP) — Police, investigating the how and why of a car wrapped around a light pole, ran into this problem.

Neither of the two occupants would say who was at the wheel. In fact, both men stoutly insisted they had been dozing at the time of the crash.

Officers charged both with careless driving.

SEN. MC CARTHY

PROBES RUMOR

ABOUT BERIA

WASHINGTON (AP) — Sen. McCarthy's investigations subcommittee hopes to know within a few days, whether a mysterious figure who claims to be Lavrenty Beria really is the deposed Kremlin police boss.

The Wisconsin Republican has refused to be quoted on the matter at all.

A person familiar with the Senate group's operations said, however, that investigators are convinced Beria has escaped from Russia and is hiding, in terror of his life, in a neutral European country.

Some Skepticism

Other government sources, also asking not to be quoted by name, were skeptical, saying the chances of Beria's having escaped from behind the Iron Curtain were "one in a million."

The Senate source said today "a new man has gone over who will know him if it is Beria," and that a report from this person can be expected within a few days.

This source said the man who calls himself Beria had been contacted by agents of McCarthy's subcommittee and had sought political asylum in the United States in exchange for disclosure of Russian secrets.

BOSTON RALLY

TO HIT CRITICS

By MARVIN L. ARROWSMITH

WASHINGTON (AP) — President Eisenhower may pick a Republican rally in Boston tonight to reply to criticism of his administration by Adlai E. Stevenson, now former President Truman.

Eisenhower, who returned from a Colorado vacation over the weekend, arranged an early departure by plane for Massachusetts today.

He was scheduled to arrive two hours later at Westover Air Force Base, then drive to the Eastern States Exposition ground at Springfield.

After luncheon there with Gov. Christian A. Herter, Sen. Saltonstall (R-Mass.) and other GOP leaders, the President goes to the Coliseum for a brief informal talk (about 12:30 p.m. EST). Then, it's on to Boston by plane for tonight's major address to be nationally broadcast by the four major networks.

Eisenhower will speak at a Boston Garden rally from 8:30 to 9 p.m. (EST). Mutual Radio and ABC radio and Television scheduled the speech to be carried directly, while later rebroadcasts were arranged by NBC and CBS.

In advance of the speech, aides

Couple Exchanges

Vows On Horseback

LANCASTER, Pa. (AP) — The wedding was strictly a "horsey set" affair.

Miss Doris Eileen Proff and Earl C. Enck, of nearby Ronks, exchanged vows yesterday while astride "Flame" and "Smokey," their favorite horses. They've loved horses as long as they can remember, they explained.

The best man, the matron of honor and the bride's father also attended on horseback.
